审题清单

In some countries, the difference in age between parents and children is generally greater than it was in the past.

Do you think advantages outweigh disadvantages?

1. 题目是什么类型?
2. 题目的general topic是什么?
3. 题目的specific topic是什么?

题目分析

Advantages:

A more affluent childhood

Disadvantages:

Less time with parents

写作结构（比较优缺点）

- **Introduction**
advantages < disadvantages
- **BP 1 advantages**
a more affluent childhood — income ↑ — more toys, better school
- **BP 2 disadvantages**
Less quality time — busy with work — less attention of parents — less confident
(this can lead to an aging population)
- **Conclusion**
disadvantages > advantages

写作语言

INTRODUCTION

In some countries, the difference in age between parents and children is generally greater than it was in the past.

Do you think advantages outweigh disadvantages?

改写题目：最近，在一些国家，成年人往往是晚育，这意味着父母与子女之间的年龄差距将不可避免地比以前大了一些。

题型模板：问题是这种现象能带来更多的积极性还是消极性？

INTRODUCTION

In some countries, the difference in age between parents and children is generally greater than it was in the past.

Do you think advantages outweigh disadvantages?

改写题目：最近，在一些国家，成年人往往是晚育，这意味着父母与子女之间的年龄差距将不可避免地比以前大了一些。

Recently, in some nations, adults tend to have children late in their life, which means that the disparity in age between parents and children will be inevitably larger than before.

题型模板：问题是这种现象能带来更多的积极性还是消极性？

The question is whether this phenomenon can bring more positivity or negativity.

BODY PARAGRAPH 1

从优势来看，一个最主要的优势是，孩子们可以享受更富足的童年 (中心句)

一般来说，中年以上的父母比20多岁的同龄人更容易拥有稳固的财务状况，因为他们大多进入了事业的重要阶段，收入更多 (解释)

因此，他们可以为自己的后代提供更多的物质财产和宝贵资源 (结果)

例如，根据我国的一项统计，与父母相对年轻同龄人相比，父母年长的孩子平均拥有更多的玩具，受教育的情况也更好 (举例)

BODY PARAGRAPH 1

从优势来看，一个最主要的优势是，孩子们可以享受更富足的童年 (中心句)

Looking at the advantages, a basic one is that children can enjoy a more affluent childhood.

一般来说，中年以上的父母比20多岁的同龄人更容易拥有稳固的财务状况，因为他们大多进入了事业的重要阶段，收入更多 (解释)

In general, parents who are middle-aged or older are more likely to be in a solid financial position than their counterparts in the 20s, since most of them have entered a significant stage of their career with more earnings.

因此，他们可以为自己的后代提供更多的物质财产和宝贵资源 (结果)

As a result, they can offer their offspring more materialistic possessions and valuable resources.

例如，根据我国的一项统计，与父母相对年轻同龄人相比，父母年长的孩子平均拥有更多的玩具，受教育的情况也更好 (举例)

For instance, according to a statistic in my country, children with older parents on average have more toys and are educated at a better school compared with their peers whose parents are relatively young.

BODY PARAGRAPH 2

不过，这种趋势的弊端也不容小觑，其中一个主要的弊端就是子女与父母相处的时间会减少。 (中心句)

这是因为中年父母通常都忙于工作，所以陪伴孩子的时间较少，大多数情况下，他们会安排保姆或请祖父母代劳。在大多数情况下，他们会安排保姆或请祖父母承担这项任务。 (解释)

这对孩子的成长是有害的，因为他缺乏父母的基本关注。 (结果)

有研究证明，在这种环境下成长的孩子，会倾向于内向，不自信。 (举例)

BODY PARAGRAPH 2

不过，这种趋势的弊端也不容小觑，其中一个主要的弊端就是子女与父母相处的时间会减少。 (中心句)
However, the disadvantages of this trend should not be understated, a major one among which is that children will have less quality time with their parents.

这是因为中年父母通常都忙于工作，所以陪伴孩子的时间较少，大多数情况下，他们会安排保姆或请祖父母代劳。在大多数情况下，他们会安排保姆或请祖父母承担这项任务。 (解释)
This is because middle-aged parents are usually busy with their work and thus have less time left to accompany their child. In most cases, they will instead arrange a nanny or ask grandparents to take the task.

这对孩子的成长是有害的，因为他缺乏父母的基本关注。 (结果)
This can be deleterious to the growth of the child as he lacks the essential attention of parents.

有研究证明，在这种环境下成长的孩子，会倾向于内向，不自信。 (举例)
Some studies have proven that children growing in such circumstance will tend to be introverted and less confident.

CONCLUSION

总之，虽然很多年长的父母有能力为孩子提供更好的生活，但我觉得这种好处被孩子可能没有足够的高质量时间与他们相处的缺点所掩盖。我希望父母能意识到这一点，多花点时间在孩子身上。

In conclusion, although many older parents are capable of providing a better-off life for their child, I feel this benefit is eclipsed by the drawback that the child may have insufficient quality time with them. I wish parents would realize this and spend more time on their children.

THE SAMPLE ANSWER

- Recently, in some nations, adults tend to have children late in their life, which means that the disparity in age between parents and children will be inevitably larger than before. The question is whether this phenomenon can bring more positivity or negativity.
- Looking at the advantages, a primary one is that children can enjoy a more affluent childhood. In general, parents who are middle-aged or older are more likely to be in a solid financial position than their counterparts in the 20s, since most of them have entered a significant stage of their career with more earnings. As a result, they can offer their offspring more materialistic possessions and valuable resources. For instance, according to a statistic in my country, children with older parents on average have more toys and are educated at a better school compared with their peers whose parents are relatively young.
- However, the disadvantages of this trend should not be understated, a major one among which is that children will have less quality time with their parents. This is because middle-aged parents are usually busy with their work and thus have less time left to accompany their child. In most cases, they will instead arrange a nanny or ask grandparents to take the task. This can be deleterious to the growth of the child as he lacks the essential attention of parents. Some studies have proven that children in such a circumstance will tend to be introverted and less confident.
- In conclusion, although many older parents are capable of providing a better-off life for their child, I feel this benefit is eclipsed by the drawback that the child may have insufficient quality time with them. I wish parents would realize this and spend more time on their children.
