

雅思写作：REPORT题型

雅思大作文 | Report题型

Report 报告什么?

1.原因+解决措施

2.原因+影响

- Demand for food is increasing worldwide. *Why* has it happened? *What measure* could the International community take to improve the situation?
- In some countries, people waste a lot of food which is bought in shops and restaurants. What do you think are the *causes*? What can be done to *solve* this problem?
- In many countries today people are living in a 'throwaway society', where things are used in a short time and then thrown away. What are its *causes*? What are its *problems*?

what are the causes? (名词-问原因)

what does it cause? (动词-导致了什么-问影响)

① 为什么: Why / reasons / causes

② 解决: What can be done / How / solutions

③ 后果: problems / positive or negative development

(提出解决方式: 1. 有用, 具体 ; 2. 和”为什么”不矛盾)

错误示范1:

问题: 肥胖

原因: 工作太忙, 点快餐

解决: 自己做饭 (解决措施和原因矛盾了)

错误示范2:

问题: 肥胖

原因: 工作太忙 – 没有时间做饭 – 点快餐 (high in calories, fat, sugar) – obesity

解决: 不点快餐 — 怎么控制? – 政府 (1.宣传; 2.立法惩罚–征税; 3.环境; 4.经济)

(万能逻辑链: 生活习惯不好, 工作太忙; 政府: 1.提供知识/教育/宣传/意识; 2.立法惩罚–征税; 3.激励/经济; 4.环境设施)

易错:

1. 只是listing, 但没有support (idea+support! !)
2. 答非所问! 没有注意动态特点 (题目有more and more–现在有的, 过去没有==>经济化+城市化)
 - 越来越多学生出国留学 – 开拓视野✗; 可支配收入多了✔, 越来越意识到重要✔
 - 越来越多人开车 – 方便✗; 购买力✔, 生产力✔ (买得起+便宜)

思路

① 为什么: Why / reasons / causes

- 客观:
 - 自然环境 不/太 到位: 气候, 空气等
 - 人文环境 不/太 到位: 人口, 设施, 经济资金, 管理, 科技等
- 主观:
 - 意识/生活方式 (不好; 被影响–媒体), 文化/传统

② 解决: What can be done / How / solutions

- 政府 (如何影响我们)
 - 提高意识 – run a publicity campaign to raise health awareness of the public
 - 立法惩罚 – 收税 impose/levy higher tax on ...; introduce strict laws / legislate for sth. / enact laws

- 投钱 – 激励提供动力+技术 invest more funds in sth. / public money should be allocated to sth. / should go to sth. / pour money into sth.
- 环境设施
- 民间 (local community / company)
 - 研究新产品 – develop new products / eco-friendly / hybrid cars
 - 推广商业模式化 – promote new biz mode – sharing economy (bike-sharing scheme)
 - 改变现有规则 – change the routine – online shopping / online learning / telecommuting
- 个人 (individual)
 - 提高意识 – raise xxx awareness of ...
 - 改变生活方式 – change unhealthy lifestyle – sedentary lifestyle
 - 更多监督 – more supervision from parents or guardian

③ 后果: problems / positive or negative development

- 个体 (涉及到的具体的人 = 身心健康 + 效率产能)
 - 整体 (家庭, 公司, 社会, 国家 = 经济 政治 文化)
-

开头段

- This essay will / It is critical to + analyze / examine the reasons for / behind this issue / phenomenon + before providing / presenting feasible solutions to it
- This essay will explore some major reasons behind this trend and propose several measures for ... to mitigate it.
- It is vital to analyze possible causes of this fact and give some practical solutions to sth. .

主体段

Topic sentence

- BP1: 原因 There are two fundamental factors responsible for this trend: A and B.
- BP2: 解决措施 Fortunately, however, there are two promising/feasible/practical solutions to this problem./, there are ways these problems can be mitigated.
- In order to adapt to this new reality, several steps can be taken.
- BP2: 影响 Despite sth. , / Unfortunately, there are dire consequences caused by this.

段内两个idea 连接 (double idea paragraph)

- With regard to the former, As for the latter,
- Another key factor is sth./ that ...
- The first measure that can be taken is to ...
- A second simple measure would be to ...
- Firstly, / First of all,
- Secondly, / Furthermore

结尾段

- In conclusion, ... because However, by doing sth. , this issue will be solved in the not distant future.
- In conclusion, ... is a severe problem which is primarily caused by A, along with B. To address this, 谁应该做什么.
- In conclusion, A and B are the two culprits for **this alarming social trend**. Not only will 后果A, but ... will also / ...后果B
- **I wish governments / policymakers will realize this and measures mentioned above need to be taken to turn this worrying situation around.**

如果题目问原因和利弊分析

由于前面的原因可能是事物事件的优点,

那么后面的利弊分析建议多写缺点, 否则会重复
